

# Life Mercy- *Maesai - Thail and*

REACHING OUT TO THE DISADVANTAGED THROUGH ACTS OF MERCY.....

VOL. 1, ISSUE 1

APRIL 2020

## Life Mercy - right in the heart of Maesai !

All Rain & Conu - the leaders of Life Mercy, prepare for a new outreach

The Life Mercy team - preparing to Hand food out .

Rice and noodles ready to be handed out to the many families.

Families queuing up to get food relief from our team.

## Life Mercy - A New ministry right at the border

Life Mercy Maesai was born in the midst of the Covid 19 (coronavirus) outbreak in 2020.

We realised that many Burmese families in our town of Maesai were destitute as the border had closed and most of the construction sites and other work that these illegal immigrants were doing had simply stopped functioning.

As the majority of the families and many singles literally lived week to week they suddenly had no support networks within Thailand. Because they are illegals and they were not allowed to cross back into Myanmar (Burma) they are not really supported within Thailand. Many of the bosses simply refused to support them and even though most of the families are Buddhist the priests were not willing to give them assistance.

## Why are you helping us?

The response from the families that we have been helping has been astonishing! Many of them have said to our team - 'why are you helping us'? The answer is simply that Jesus wants you to know that you are important to Him and He gives this food to you in His love.

Many of the families are truly affected by the mercy that All Rain and his small team are showing toward them and are so thankful for their timely support.

## What can I do to help?

Each week as All Rain and his small team are preparing to go and support the poor we are being approached by others who are so touched by the mercy and compassion that we are showing to the needy that they want to help. We have had support of eggs and fruit and some other goods from the local community as well as support from some

local shopkeepers as they see the wonderful work that is being done in their community.

The word is out in the street that there is some 'good Samaritans' caring for the workers and they are so thankful.

Life Training Centre - LTC is a Christian organisation who have been operating in Maesai Thailand since 2007, working with the Myanmar (Burmese) people.

*Our aim is to empower people by bringing life skills, education and biblical worldview.*

# Life Mercy - right in the heart of Maesai!

All Rain & Conu, Gustuv and Carla with their team load up their vehicles to bring the main staple Rice to the many hungry families in our region.

The food is an essential to help these families survive this difficult season!

## Caring for the one!

One of the families that we have been feeding told All Rain about a young man who had been going from house to house begging food - he was dressed in rags,. He seemed to be about 19 years old. They asked for our help. All Rain met with him and gave him food and some shoes as he was bare foot - the families also offered some clothes for him as well.

The young man was so thankful he just kept bowing and thanking All Rain for the support. Jesus told us to go after the one. This young man was so thankful and the message it has sent to the local Burmese community as they have watched the compassion of Christ and the way He cares for every man has so affected them

## Supporting Life Mercy

We are so thankful for to those that been supporting us, to do this important work amongst the disenfranchised in our town - ***YOUR SUPPORT HAS MADE A DIFFERENCE IN MANY LIVES.***

It is presently costing us about \$500 AUD per week to continue this feeding program - if you would like to help the bank details are as follows ..

**Frankston Life Church – Missions**  
**BSB 033272 acc 201309**

Life Mercy is a program from LTC in Thailand is overseen by Frankston Life Church in Australia — [www.frankston.life/church](http://www.frankston.life/church)
